ALL-AROUND POSITIVE HOLIDAY MEET AT TURFWAY PARK

Average Daily Handle Jumped 65.6% to \$2.48 Million; Average Starters Per Race Increased to 10.5

LOUISVILLE, Ky. (Wednesday, Jan. 6, 2021) – Turfway Park delivered positive results in wagering and average field size during its 13-day Holiday Meet, which wrapped a five-week run Dec. 31.

Despite three fewer race dates compared to 2019, all-sources wagering at Turfway Park soared to \$32.3 million, an \$8.3 million jump and 34.6% increase from last year's \$24.0 million. The average daily handle skyrocketed 65.6% from \$1.5 million in 2019 to \$2.48 million in 2020.

The average starters per race grew from 10.3 horses in 2019 to a strong 10.5 this year, which produced highly competitive racing over the track's newly-installed Tapeta synthetic surface. Installed during the summer of 2020, the new Tapeta surface has received positive reviews from horsemen and jockeys alike and has proven to be a fair and rewarding surface for horseplayers.
